INTRODUCTION

Welcome to NEKOIN, a token with a heart and a mission! We're not just another crypto, but a movement to make a difference. With our DeFi utilities, you can stake, farm, and grow your investment while helping animals in need.

NEKOIN (\$NEKOIN) is a community-driven, cat meme-themed cryptocurrency project built on the Binance Smart Chain (BSC). Our primary focus is on community building, animal rescue, charity, and decentralized finance (DeFi) utilities. We believe in the power of collective action and the potential of blockchain technology to foster positive social change.

The purpose of NEKOIN is to create a fun, engaging, and rewarding platform that brings together the crypto community and animal lovers worldwide. We aim to leverage the power of memes and the appeal of cats to raise awareness about animal rescue and contribute to charitable causes.

Smart choice

NEKOIN is a strategic choice for those who want to make a difference while engaging in the crypto space. Our unique blend of community focus, animal rescue, and DeFi utilities offers a rewarding and impactful experience.

Expertise

Our team brings a wealth of knowledge and experience in blockchain technology, animal welfare, and community building. We leverage this expertise to drive NEKOIN's mission forward.

Security

We prioritize the security of our community. NEKOIN is built on the secure Binance Smart Chain, and we implement best practices to ensure the safety of our token and platform.

PRIORITIES

NEKOIN aims to create a sustainable and rewarding ecosystem for its community while making a positive impact on the world.

We invite everyone to join us in our mission to support animal rescue and welfare through the power of blockchain technology and the love of cats.

Community Building

We prioritize the creation of a supportive and engaged community. We believe that our strength lies in our numbers and the shared passion of our members.

DeFi Utilities

We aim to provide a range of DeFi utilities, including staking, farming, and liquidity provision, to incentivize participation and create a sustainable token economy.

Animal Rescue

We are committed to supporting animal rescue organizations and charities. A significant portion of our funds will be allocated to these causes.

Transparency

We strive for complete transparency in our operations, ensuring that our community is always informed about our plans and progress.

THE RISE OF NEKOINS

The charity receives a substantial donation from the NFT sale, heightened awareness, and a steady funding source from the project's revenue.

Investors, in return, gain exclusive access to features, staking rewards, priority for future NFT drops, and unique experiences or goods linked to the NFTs. This strategy creates a win-win scenario, enhancing benefits for both parties as the project succeeds.

TOKENOMICS

**Total Supply:
1,000,000,000 (1 Billion) NEKOIN**

Buy Backs:

The team will conduct buy backs from the open market using the funds from the marketing wallet. These buy backs help to stabilize the price and create a supportive price floor.

Charity Donations:

A portion of the funds from the marketing wallet will be used for charity donations. This aligns with our mission to support animal rescue and welfare organizations.

Ownership Renounced:

The ownership of the contract will be renounced after launch. This means that the contract cannot be changed after it has been deployed, providing additional security and trust for our community.

Public Sale:

100% of the total supply (1,000,000,000 NEKOIN) will be available for public sale. We believe in the power of our community and want to ensure that everyone has an equal opportunity to participate in the project from the start.

Transaction Tax:

A total tax of 4% is applied to every transaction (buy or sell):

The entire tax goes to the marketing wallet. This wallet is used to fund marketing campaigns, development, team, DeFi buybacks, charity donations and animal rescue. This ensures that we have the resources to grow our community, support the token's price, and contribute to our mission of animal rescue.

The tokenomics of NEKOIN have been carefully designed to create a sustainable and rewarding ecosystem for our community. By funding marketing, buy backs, and charity donations through transaction taxes, we aim to create a token that is not only fun and engaging but also a solid addition to any crypto portfolio.

Please note that this is a conceptual project and does not constitute financial advice. Always do your own research and consult with a financial advisor before investing in cryptocurrencies.

CONCLUSION

NEKOIN is more than just a cryptocurrency project; it's a movement driven by a community that shares a love for cats and a commitment to making a positive impact in the world. By leveraging the power of blockchain technology, we aim to support animal rescue efforts and contribute to charitable causes, all while providing a rewarding and engaging platform for our community.

Our roadmap outlines our ambitious plans for the future, which include the development of various DeFi utilities, partnerships with animal welfare organizations, and the launch of unique NFTs. As we continue to grow and evolve, we remain committed to our mission and to our community.

We invite everyone to join us on this exciting journey. Together, we can make a difference for animals in need and demonstrate the potential of cryptocurrencies to drive positive social change.

THANK YOU

for your interest in **NEKOIN**. We look forward to building a better future for animals and our community together.
